

### Welsh Boxing makes progress on inclusion, with timescales

We have made excellent progress recently to support us moving from Insport Bronze towards Insport Silver, these include:

- The development of an Inclusion Toolkit that will be accessible via the WABA website in the next few weeks;
- Disability Inclusion Training, which is ready to be rolled out with pilot clubs at the start of the new season (October);
- A review of our Coach Education courses, planned for October, with a view to including practical inclusion content;
- Welsh Boxing's first ever Inclusion Spectrum, including an inclusion pathway & guidance, has been developed, which will be uploaded to the WABA website as part of the Inclusion Toolkit;
- Preparatory work is underway to achieve the Insport Silver Award;
- Further consultation with the clubs for research and insight is planned;
- An inclusion (strategy) framework that will feed into the overall Community Framework is being developed.
